Presidents Letter

Once again we had a great Texas "W" Club meeting in Mineola this year for our spring outing. There was a fabulous silent auction and money hat that members of the Heart of Texas put together which brought in over \$600.00 for donation to our charity. We were pleased with the three catered meals and everyone had a romping good time with the games. Mimi Phillips put together a quilting room for the attendees to bring their sewing machines too with the proceeded going to benefit the Poetry Methodist. Thanks Mimi. I was very pleased with the number of attendee's that attended the last GNR Head of the Row Decorations meeting. With everyone's help I believe we can make this a 5year in a row win.

Another very interesting last minute talk we were given was from George and Maxine Zackey's daughter and her husband. They spent some time telling us their adventures and difficulties as Missionaries in the Middle East. Those listening had wonderful questions while trying to understand what a wonderful ministry they are involved with.

The last thing I want to mention is again our friend The "C" entertained us with more oldies but goodies music and song.

The only other topic I want to briefly talk about is that this will be my last year as president of The Texas "W" Club and I want to thank each and every one of you for your support, friendship, and willingness to help me, and the other officers, make this a better and more entertaining club. We have risen from a low of 79 members (rigs) to currently having 104 members (rigs). Thanks Again!

Looking for New Chapter Members....Watch for a Country Coach Model

Welcome Country Coach to the Winnebago Ind. Just as Sunnybrook Travel Trailer units were invited to join any State Club and State Chapters, so too are the Country Coach Units welcome to join in the circle of friends called WIT Club. With the diesel and gas prices down, recreational travel should be up and the roads full of potential new friends. Increase your membership by watching for a Country Coach model and strike up a conversation. There may be borders, as in make and models, but no boundaries to being friendly and welcoming.
