## **Welcome to Crockett.**

Crockett was named after Davy Crockett who camped there on the way to the Alamo. It was a training center for the Confederacy during the civil war. In the early years it was known for its timber resources (now gone) and lignite mining.

Most of us will be staying at the Crockett Family Resort & Marina. In addition to FHU RV sites, they offer cabins with and without kitchenettes. There are also several hotels and motels in nearby Crockett and Grapeland.
