Presidents Letter

I'm not sure what some of us expected when we pulled our rigs into the Coushatte RV Ranch in Bellville, Texas last month, but what a surprise. The park was rustic, but getting away from the parks with nothing but cement and trains wasn't too bad. We did have a lot of rain at night, but with the sand in the parking area, most of it was gone by the next morning.

Our hosts, the Bluebonnet Travelers did an excellent job of entertaining us with their theme of "Springtime Down On The Farm" and a Pre-Meeting trip down to a real castle tour which we all enjoyed when the owner kept us laughing as he asked us to play different roles from the days of Knights and Wenches.

Lots of fun and games, but the most impressive part of the weekend was how the park owners fed us. Wow, delicious Spaghetti on Friday evening, Sausage & Pancakes Saturday morning, and to top it off home grown chicken fried steak Saturday evening. I've never eaten so much at one of our events.

An event that we won't forget, and I'm sure we'd all vote to return to Coushatte RV Park sometime in the future.

Travel safe and take the time to do a thorough checklist of tire pressure and coolant fluids. Check the roads for low bridges by using Google Earth a free site. It is a great tool to zoom in on the highways and bridges. This site will also allow you to check out the RV parks locations and surroundings.

If fuel prices go back up, maybe we should stack 'em like condos as the next concept!!!
